2323 South Voss Road, Suite 570
Houston, TX 77057

Re: **Roll-Offs**
U.S. Oil Recovery Federal Superfund Site, Pasadena, Texas

Gentlemen:

State District Judge appointed me Receiver over the properties located at 200 N. Richey and 400 N. Richey, Pasadena, Texas, (collectively, the "Site"). This Site has been proposed for listing on the National Priorities List as a "Superfund Site" by the U.S. Environmental Protection Agency ("EPA"). One of my tasks as Receiver is to assist the U.S. Oil Recovery Site PRP Group (the "PRP Group") in their work to clean up the Site. You have been identified as the owner of roll-offs containing waste and located at 400 N. Richey property.

First, as Receiver for the USOR entities (specifically, U.S. Oil Recovery, L.P., MCC Recycling, LLP, and U.S. Oil Recovery, L.L.P.), I request that you send me:

- (1) any written agreements between your company and the U.S. Oil Recovery entities in regard to the roll-offs; and
- (2) all information relating to any encumbrances (e.g., security interests, liens) on these roll-offs.

As Receiver, I am vested with the authority to control activities on the Site. You are being provided the opportunity to remove these roll-offs and their contents from the Site in a manner that is acceptable to EPA. Please contact me within ten (10) days from the date of this letter to arrange for the proper disposition of the roll-offs and their contents.

If you do not respond within ten (10) days, I may proceed to enforce my legal rights against you. Such rights may include removal of the roll-offs from the Site, disposal of the roll-offs and their contents, and recovery of the costs of such action from you.

Regards,

Eva Engelhart

cc: Ed Quinones, U.S. Environmental Protection Agency
